

## **Vote of Thanks – Speech**

Thank you Mrs Toppin.

Good Evening Distinguished Guests, teachers, parents, and fellow award recipients. On behalf of all award recipients and all schools present, I would like to propose a vote of thanks to the following:

- The Business Liaison Association and Co-ordinators for co-ordinating the 18 awards presented tonight
- The 34 Sponsors who provided funds and prizes for all students
- Our teachers and schools for encouraging us to nominate and having the faith in recognising our achievements
- Our parents who have supported and encouraged us throughout our school education, allowing us to exceed our own expectations and achieve outstanding results

These awards are extremely beneficial as they allow the industry sectors in Far North Queensland to recognise and acknowledge students who display potential for success in these sectors. The awards are important for recognising the success of the students as well as providing financial support to help students achieve their goals in the future.

Thank you again to all the sponsors for providing generous sponsorship for this evening's awards; your generosity is greatly appreciated.
